## **On the Road Again**

We had a great meeting at Fuze Restaurant with a little reservation problem. Finally got that straightened out. 35 people attended and all said they enjoyed the food and the meeting room. We covered a lot of interesting Club information, including Club trips. You will hear more from Guy about these events. Also, check out the Club Calendar on the COMC Website that Jerri maintains for us with future events you may want to attend.

We also talked about our next Club meeting location. It will be at Ricky's Café in Moore.

Another topic we talked about was Club dues. Some still owe dues, so check your records and see if you are one that needs to visit our new Treasurer, Dave Miller. Dave will explain how we're going to handle delinquent dues starting in June, so "hurry and pay if you want to stay". If you missed the meeting, you can mail yours to COMC, P.O. Box 12191, Oklahoma City, Ok 73157-2191

Also, just wanted to mention that I just got back home from one of THE best club trips I've been on in a long time. Guy and Jayne worked hard on this trip to make it great. The roads, the restaurants, the drives through the hills, the boat rides, the river walk, and especially the Alamo. I have driven to a lot of places but had never been south of Dallas so the trip was all new to me. Seeing the Alamo made this trip one to remember for me. Thanks Guy and Jayne.

## Greater Visibility with DRL!

Does your 3<sup>rd</sup> Generation (NC) MX-5 Miata... 2006 thru 2015, have Fog Lights? Would you like for it to have Daytime Running Lights or DRL? DRL provide greater visibility to oncoming traffic and you don't have to drive with your headlights on.

I can modify the Fog Light circuit making the Fog Lights available whenever the ignition is "ON"... now you have DRLs. I can also upgrade the existing H11 incandescent bulbs to the LED DRL 5000K Bright White Bulbs for even greater visibility.

**Before**

**After!**

I can also upgrade the High Mount Brake Light with an Electronic Strobe Flasher for even greater visibility to drivers behind you.

For more information and price quote, please call or text me at (405) 204-8123.

Thanks... Dave Miller.

## Miata for Sale

2001 Miata Triple Black Convertible 5spd 59,737 Original Miles. PRICE REDUCED TO \$7,700

Folks, this beautiful Miata was handed down to me from my Dad. It's always been in the Family since bought new in 2002. I'm 68 years young now so maybe time to let someone else enjoy. Who else would be better to "take care" of Dad's Miata than the very "clubs" that love them? The center "hub" on the custom wheels were not available back when I purchased the wheels and tires. However the "hubs" are now available. I just haven't had time to order them. I had the vehicle appraised at two trusted major car dealers. I was told this is an exceptional car. I knew that because my Dad was an exceptional guy. Yes, you can find a Miata for less....but not an original, garage-kept, well-maintained one like this every day. It's not perfect. But it is clean, original and nice. Lots of years and miles left in this incredible driving car. Under no pressure to sell. Under 60,000 miles....averaged 5,018 miles a year according to CarFax report. That's 418 miles a month, 97 miles a week....13.89 miles a day....cool huh? My long-winded point is that it's a rare find. The dealer called it a rare find. Dad loved his sports cars. Always had a fun car. This is a fun car. I had never intended to sell this Miata. I felt a connection with Dad when I would drive it. Only driven on nice days. Always garaged. It's time to move on and find a good home for this great car. The purpose in selling now is to set up a wood shop at home I can't always drive the car because of weather, but I can work with tools and remember Dad through a hobby we had together so many years ago. The interior has not been detailed yet. The paint is original. No accidents and no mechanical problems ever. I will hand you a complete CARFAX VEHICLE HISTORY REPORT WHEN YOU COME TO LOOK AT IT IN PERSON. NOTE: The CARFAX will back up everything I have said. Dad loved changing his own oil. As a Air Force Veteran he put an American Eagle on the back window. Can be removed no problem. It's glass. This is a sweet ride. Quiet, smooth, responsive and really handles well. ## Miata Shaped Name Tags

Miata shaped name tags are available from Awards Etc, 6714 NW Expressway, Oklahoma City, (405) 728-1960. You have a choice of car color and magnet or pin style backs. Specify that you are with the "Miata Club", spell your name as you want it to appear, tell them the color of your car, and the pins are generally ready in 4 to 5 business days.

Have the Club logo embroidered on shirts, jackets, blankets, hats, and other items. You can bring articles you bought elsewhere or buy items in their store or from catalogs they have available. Specify the color of your car to put in the logo. They can probably match the thread color pretty close if you bring a color photograph of your car.

## Club Pins

With all the Miata events coming up, Club members will need a couple of extra Club pins to trade with event participants from other Clubs and states. Pins are available for \$3.50. Contact Dave Miller at (405) 948-8123.

## Magnetic Signs with Club Logo

Magnetic Club logo signs are nice to display on your car when driving to Miata events. Because the signs are custom made to closely match the color of your car, they have to be special ordered. Cost of the signs is \$20 for a set of 2. Contact Dave Miller (405) 948-8123.
